Campus Security Annual Performance Plan

UBC Campus Security strives to be accountable to the University Community by listening and taking necessary steps to address the community’s concerns.

Of utmost importance is Campus Security's relationship with the UBC community. To prioritize this relationship, Campus Security has developed an annual performance plan to address concerns regarding property crime and community engagement.

The annual performance plan lays out a strategy to addresses the following three issues brought up in the various meetings and discussion: Property crime reduction, community engagement and proactive problem solving.

The main objectives of the performance place are to reduction of property crime by 2%; hold community engagement events and or workshops once per month; and proactive problem solving by conducting multiple Building Security Assessments.

A summary of the plan and its progress will be updated quarterly in future reports and posted on our website for public access.

Safety Tips

UBC has an “open campus” philosophy, everyone is invited to come to Campus. During summer, there is usually a large increase in tourists visiting UBC attractions.

Of these visitors, some can be less desirable, some of them are known property crime offenders. (The following are safety tips that we encourage you to practice) provide you with some tips to prevent that from happening to you.

- Keep offices locked and close blinds
- Lock drawers and cabinets
- Do not prop doors open
- Arm all necessary alarms
- If you’re the last one out of the office, ensure all the doors are locked and alarmed when available
- he Service Model: see if visitors needs assistance if they look lost
- Report all Security-related observations to 2-2222
Frequently Asked Questions

Where can I find the latest news and updates from Campus Security?
Follow us on Facebook, Twitter and visit our website for the latest updates.
